Socket Occasional Lamp

Socket Occasional Lamp represents part of a study exploring the boundaries between minimalist sculpture and practical everyday objects by Danish design duo Norm Architects.

A weighty, heavy lamp cast from brass, Socket Occasional Lamp is designed to fit perfectly on the desk, shelf or a nook in the home that needs to be lit. The inserted socket is easily removed, so that – with or without a bulb – the lamp also functions as a paperweight. The lamp is inspired by Norm Architects' recent work with geometric jewelry. "In our work, we aim for geometrical purity," the designers explain. "We want to arrive at the maximum expressivity with the minimum of expression. It's not about designing less of product. It's about soft, streamlined shapes that invite you to touch them."

About the Designer

Established in 2008, Norm Architects are on a mission to make city living better, one product at a time. The multidisciplinary Danish studio, founded by architects Kasper Rønn and Jonas Bjerre-Poulsen, focuses on residential architecture, commercial interiors and product design.

Notes to Editor

MENU is a Scandinavian design brand with a simple philosophy; to make the world better, less complicated and a little bit nicer to wake up to. MENU collaborate with super-talented international designers, to produce high quality design with a crisp Scandinavian look. MENU work with local craftsmen from around the world to preserve traditional skills, whilst creating objects which are timeless and can be treasured for a lifetime. Composed of lighting, furniture and accessories, the MENU collection provides clever solutions for modern living.
