

NUDA

BY
ERNESTO GISMONDI

ERNESTO GISMONDI

The father of Artemide, Ernesto Gismondi propelled his involvement in the Memphis Design movement into profoundly revolutionizing the field of lighting design in both Italy and the world.

Born on Christmas Day, Gismondi began his career as an Aeronautical Engineer. Bringing industrial concepts, materials and finishes into lighting designs for both domestic and public space underlines Gismondi's adherence to meaningful innovation.

Recognizing his international contributions to the field of lighting manufacture, he was awarded a Compasso d'Oro lifetime achievement award in 1995.

MINIMALISM

Designed by Ernesto Gismondi, Nuda is defined by its bare minimalism. When used in linear sequences, Nuda creates a strong sense of light guidance along residential or commercial paths.

TECHNOLOGY

Nuda's direct unilateral and bilateral lights are emitted from high-performance LEDs. While enhancing exteriors with its sleek form, the fixture's LED technology ensures environmental friendly lighting and durability.
